

IHS Markit™

VALIDATED ENGINEERING DATA

Your engineering future starts here...

ESDU can help get you there

Developed by engineers for future engineers

Aerospace/Aeronautical, Mechanical, Manufacturing/Metallurgy, Civil/
Structural and Process Engineering

ESDU deciphers the data to help you see the path clearly.

IHS ESDU provides validated design and test methods, handbooks, best practices, guidance on all aspects of the aerospace and defense and process engineering disciplines and principles, and much, much more.
